# PRESENTATION OF THE CONGRESS

The Integrative Structural Biology Congress is organised conjointly by the French Association of Crystallography and the French Society of Biophysics. BSI 2023 is the third edition of this congress with the objective of strengthening the links between the Structural Biology and Biophysics communities.

The 13 laboratories and institutes of the Aix-Marseille site have come together to organize this event so that it reflects local, regional and national expertise in various themes and disciplines (adaptation of living organism to the environment, developmental biology, cancerology, chemistry of living organism, glycobiology, immunology, microbiology, neuroscience, virology, ...) and complementary cutting-edge methodological approaches (molecular stowing and dynamics, biophysics of interactions, crystallography, super-resolution cellular imaging, mass spectrometry imaging, high-speed atomic force microscopy, electron and optical microscopy, polarized microscopy, nuclear magnetic resonance, electron paramagnetic resonance, ...), as well as 3D cellular imaging with high spatial and temporal resonance.

These 5 days of conference, keynotes, posters sessions, workshops, round tables, discussions, poster/oral presentation awards and lunches will take place at the Faculty of Medecine of La Timone in Marseille, which can accommodate about 250 people, is easily accessible by plane, train, and car, and located close to accommodation facilities. The news of the congress will be widely broadcasted on social networks and a hybrid mode is also under study.

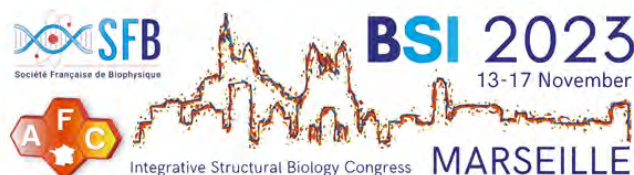

**Juan Reguera & Elsa Garcin, for the local organizing committee.**

**More than 200 delegates** present at the congress.

**5 days of congress** with many plenary sessions.

**Exhibition stands** of various sizes.

**Strong involvement** of participants, with real expectations for BSI conferences.

EVENT means the event at which stands, spaces and admission are sold.

ORGANIZER means the association or company that initiated the event as well as the company VITAMIN EVENTS in charge of managing the event in the name and/or on behalf of the organizer.

The VENUE is understood to be the place where the event is organized.

## PRIMARY CONDITIONS

### ARTICLE 2

The BSI 2023 congress will take place at the Faculty of Medical and Paramedical Sciences - Timone Sector - Marseille from November 13 to 17, 2023.

### ARTICLE 3

The PARTNERS of BSI 2023 accept without reservation the present rules, the public law regulations applicable to events organized in France as well as the general conditions of the venue.

## PARTICIPATION CONDITIONS

### ARTICLE 4

Registration forms should be sent by mail to VITAMIN EVENTS - BSI 2023 at 8 Impasse Rudolf Diesel 33700 MERIGNAC or by email to [sponsors-bis@vitamin-support.fr](mailto:sponsors-bis@vitamin-support.fr) within the time limit specified in the application file.

Applications, signed by the PARTNER, will only be valid if they are formulated on the contract provided by the ORGANIZER.

Applications and forms that arrive after the date will be placed on a waiting list, in chronological order of applications, and the locations will then be allocated by the organizer alone.

### ARTICLE 5

Applications will be submitted to the organizing committee, which will decide on admissions.

In case of refusal, the committee will not have to justify its decision, which will be notified to the applicant.

Under no circumstances may the rejected PARTNER claim any compensation other than the reimbursement of sums paid to the organizer, even if he/she claims that his/her membership was requested by the ORGANIZER.

## PAYMENT CONDITIONS

### ARTICLE 6

The balance of the total amount is due by the PARTNER from the moment of admission.

All payments must be made in Euros, net of all bank charges, in accordance with the conditions set forth in this participation contract.

All payments must also mention: "Invoice number - PARTNER name".

Upon receipt of this participation contract and after acceptance by the Organizing Committee, an invoice will be sent to the PARTNER for payment.

### ARTICLE 7

In the event that all amounts due are not paid in full within the specified time, the ORGANIZER reserves the right to dispose of the booth slot or partnership offer and shall not be obliged to refund any amounts already paid.

Late payment penalties are payable without the need for a reminder in the event that payment has not reached the ORGANIZER by the thirtieth day following the date of the invoice. Thus, any delay in payment shall give rise to the payment by the PARTNER of late penalties applicable from the day following the said date. The interest rate for late payment penalties is equal to the interest rate applied by the European Central Bank to its most recent refinancing operation plus 10 percentage points, in accordance with the provisions of Article L441-6 of the French Commercial Code.

In addition, in the event of late payment, the ORGANIZER will receive a lump-sum compensation for collection costs, the amount of which is set by decree, without prejudice to the costs actually incurred and justified.

### ARTICLE 8

Any violation of any of the clauses of these rules may result in the immediate, temporary or permanent exclusion of the offending candidate without the latter being able to claim any reimbursement or compensation. The ORGANIZER will be able to dispose of the site thus left free in any way it sees fit.

### ARTICLE 9

The PARTNER shall recognize on the spot the situation and dimensions of the locations that will have been assigned to them (the plans and diagrams being given only as an indication).

The PARTNER will take the premises in the state in which he finds them and will have to leave them in the same state, all deteriorations caused because of his installation and decoration being at his expense.

He will be directly responsible towards the venue, the organizer can in no case be considered as responsible.

## LOCATION AND ASSIGNMENT

### ARTICLE 10

The ORGANIZER reserves the right to decide freely to which PARTNER a space will be allocated and how the stands will be distributed. The exhibition plan and the PARTNER file containing technical information will be sent as soon as possible.

### ARTICLE 11

If the ORGANIZER is obliged to modify part of the booth slots or installations, no complaint will be accepted and the PARTNER undertakes to comply with the decisions taken.

### ARTICLE 12

### ARTICLE 14

The format of the stands and the associated equipment will be mentioned in the PARTNER technical guide. PARTNERS must comply with this unless specifically instructed by the ORGANIZER.

### ARTICLE 15

PARTNERS must ensure that their slots are kept clean.

### ARTICLE 16

The installation of booth structures must not damage or alter the permanent facilities of the VENUE and must not affect the convenience or safety of other participants and visitors.

### ARTICLE 17

In enclosed exhibition spaces, all materials used, including draperies and carpets, must comply with fire safety regulations. The ORGANIZER reserves the right, at any time, to have any non-compliant material or installation removed or destroyed.

### ARTICLE 21

The cancellation of a space rented by a PARTNER or of a partnership offer does not release him/her from the obligation to pay for the contracted service, nor does it entitle him/her to a refund.

### ARTICLE 22

The exchange of a rented space, partially or totally, and its subletting are not allowed without the authorization of the ORGANIZER.

### ARTICLE 23

Any request to change/reduce the reserved space within 30 days prior to the event will require the agreement of the ORGANIZER and may be considered as a partial cancellation resulting in a 100% payment of the reserved space.

### ARTICLE 24

In the event that the PARTNER does not show up on the date or at the time specified, the reserved space will be considered free and may be reused without giving rise to any reimbursement of the amounts already paid.

### ARTICLE 26

The removal of the stands must be done by the PARTNER within the deadlines and times communicated by the ORGANIZER. If articles belonging to or rented by the PARTNER and waste are left on the stand after the deadline for clearing away, the ORGANIZER has the right to have them removed at the PARTNER's expense and risk.

The PARTNER and its insurer waive any recourse against the ORGANIZER and its insurers.

### ARTICLE 30

It is the participant's responsibility to take out any insurance he/she deems necessary to cover any unavailability preventing him/her from participating in the event.

## MAJOR FORCE

### ARTICLE 31

The ORGANIZER reserves the right to cancel orders or to suspend orders without compensation, when a case of force majeure prevents normal execution. Will be considered as force majeure, the events that match the conditions of Article 1148 of the Civil Code or the following events: strike, lockout, fire, flood, material damage, riot, war, stoppage of motive power, suspension of telecommunications, requisition of buildings either at our premises or at our suppliers or carriers, even if these events are only partial and whatever the cause.

In the event of a temporary impediment linked to the COVID-19 epidemic, such as a prohibition order issued by the authorities, the obligations of both parties are suspended and postponed to a later date in accordance with the provisions of the order, which does not systematically lead to the cancellation of the event and the reimbursement of the sums already paid.

## VARIOUS DISPOSITIONS

### ARTICLE 32

The ORGANIZER cannot be held responsible for a low number of registered delegates or for any lack of interest in the event as a whole.

### ARTICLE 33

The ORGANIZER shall have the right to rule on all cases not covered by these rules. All decisions will be final and binding.

### ARTICLE 34
